

### English

In English we will be reading the book 'The Witches' by Roald Dahl. We will be exploring the moral themes that run throughout this story whilst we explore the use of different grammar skills such as fronted adverbials, subordinating conjunctions and paragraphs.

### Art/DT

In Art, we will be looking to nature to sketch autumn leaves. Then we will be using pastels and watercolours to create a range of artwork. In DT, we will be exploring levers and linkages in mechanical systems to make our own moving poster.

### Maths.

In Maths we will be developing our place value of 3 and 4 digits numbers. We will be practising our times tables including the division facts to tick off the times tables on our rockets in class. We will also continue to work on our individual maths targets.

### RE

Our RE topic this half term is Sikhism where we will learn about how and where it was founded and their beliefs. As we move towards Christmas we will develop our understanding of advent for Christians and why they believe it is an important aspect of their faith.

# Class 4 Curriculum Map Autumn Term

### PE

This term we will be swimming. We each have personal targets to complete to progress through the stages.

### Computing

In Computing lessons, we will be learning to collect data to complete a survey. Following this, we will be writing our own questionnaires, collecting data and then presenting this in a range of graphs using Microsoft Excel.

### History/Geography

In History this term we will be learning about the historic time periods from the Stone Age to the Iron Age. We will discover how people lived and survived during these times. In Geography, we will take a look at the geography of the UK from the physical features of mountains, rivers and seas to the man-made administrative regions and counties. We will find out how the UK has changed over time.

### Science

This term we will be focusing on Rocks. We will be identifying the different types of rocks and how they are formed and then look at their different properties. We will also be looking at how rocks can inform scientists about the past through fossils.

### Music

In Music, we are learning about the music within our environments. We will be learning to sing harmonies with expression and in parts.

### Languages

Bonjour! This term in our French lessons we will be using vocabulary to describe ourselves.
