

## English

This term, we will begin by reading 'The Lion above the door', by Onjali Q Rauf. This amazing book tells the story of a young boy, who feels different to everyone else and never sees anyone who looks like him in history books. Until, he visits a museum where he sees his exact name carved above a church door underneath a golden lion.

I am sure we have lots of amazing pieces of writing to look forward to this term as all of our writing is based around our class texts.

## Maths

This term, we are continuing to focus on our four methods of calculation in all operations, as well as a secure understanding of place value. We will also be working weekly on key 'ready to progress' indicators which support our next steps in maths. Class 5 continue to focus on learning all of our times tables through regular time on TTRS.

## Art/DT

We start summer term with art, where we are exploring work inspired by the Egyptians. We will be choosing our own media to create our art work.

After half term, we will be making our own savoury dishes - yum!

## Computing

In Computing this half term, we will be learning how to use Microsoft Publisher and will creating documents linked to our other units.

# Class 5 Curriculum Map Summer

## History/Geography

This half term, we will be starting our new project around Antarctica and becoming a 2041 school, where we become ambassadors for protecting Antarctica.

After half term, we will be exploring the achievements of the Ancient Egyptians and their significance.

## RHE

This term, we will be looking at 'health and wellbeing', where we will take part in a range of discussions and tasks around keeping healthy both physically and mentally.

## RE

Our learning in RE will be centred around the question 'How are Jewish beliefs expressed in the home?' We will be looking at the different ways in which Jewish people pray and worship.

## PE

This half term in PE, Class 5 will be practising for our athletics day and trying to beat our own personal bests. We will also continue to work with SAFC.

## Science

In Science this term, we will be learning about sound. We will be taking part in a range of investigations.

## Languages

We will be continuing our French studies with a unit of work on 'beach scenes' where we will be creating descriptive writing.

After half term, we will also be learning basic greetings in Italian.

## Music

This term we will be continuing with pulse, rhythm, notation and active listening as we further our progress with recorders and build up our singing repertoire.
