

English

In Class 5 we have been reading *A Kind of Spark* by Ellie McNicoll. During the first weeks back, we have written predictions about the book based on clues from the front cover and blurb. We have also written detailed character descriptions about the main character, Addie, who has autism. We have also been focussing on inference when answering a range of comprehension questions.

Computing

In computing this term, we will be exploring computer systems and how they work.

PE

A great start to the term for Class 5 in PE as we have already demonstrated our understanding of different passes in netball and footwork techniques. We will soon be playing games to put our skills to the test.

Maths

This term we have been learning about place value in numbers involving up to 6 digits. As well as this, we will be revising our formal methods of addition and subtractions and mental strategies.

Year 5 will also continue to work on our times tables through TTRS.

Art

This term in Art we will be observing insects and drawing them in both pencil and colour. We will also be creating models of insects.

Geography/History

This term we will be learning about how the world is shaped by both human and physical processes, including erosion, climate change and littering.

After half term in history, we will be exploring soldiers lives from the DLI, who lived in the North East.

Year 5 Curriculum Map

Autumn

Science

In science this term, we will be learning about Living Things and their Habitats, where we will be classifying and grouping organisms.

Languages

Bonjour! This term Class 5 are focusing on their travel and tourism unit, where we will be learning lots of new vocabulary.

Music

In music this term, we are learning about notation, pulse, rhythm and active listening. We have listened to and appraised different pieces of music as well as listening out for the rhythm and creating our own.
